

SmartBottle Beta Tester Feedback

Results from 500 beta testers in March 2026.

Actual Performance:

1. Battery: Average battery life was 18 hours (short of the 24h target).
2. Capacity: Testers noted the bottle actually only holds 950ml comfortably.
3. Price: Testers estimated they would pay .00.
4. Durability: Stainless Steel performed excellently with no dents reported.
